- Dyslexia & Brain Research
- What is Multisensory Structured Language Education (MSLE)?
- Am I "Certified?" – Alphabet Soup in the OG Universe
- "Say What?!" Phonemic Awareness for All
- Sounds and Syllables: Basic Decoding Skills
- What's All the Fuss About Fluency?
- English Spelling isn't Crazy! (But what about *does*, *was*, and *love*?)
- Seeing "Sight" Words Differently
- The History of English (and why it matters)
- Written Expression & Grammar
- Structured Word Inquiry

## Multisensory Structured Language Education (MSLE) Training for Classroom Teachers (5 days\*)

### What is Multisensory Structured Language Education?

Multisensory Structured Language Education (MSLE), also known as Orton-Gillingham (OG), is an instructional approach intended primarily for use with persons who have difficulty with reading, spelling, and writing. It is best understood and practiced as an approach, not a program, system or technique. Driven by the most up-to-date brain research, we focus on the concepts of explicit, systematic, bottom-up, cumulative instruction delivered in an emotionally sound, honest, success driven environment.

Who: PreK-12 Teachers

Cost: \$1,250.00

When: Dates are flexible and scheduled in order of request/signing of contract.

Contact:  
Kara Lee (Trainer)  
[hortonedserv@gmail.com](mailto:hortonedserv@gmail.com)

### Participants will...

- actively participate in lectures, discussions, and hands-on lessons
- gain a deep understanding of the structure of the English language
- learn about the science of how the brain acquires language, and why students struggle with those tasks
- be able to deliver multisensory, structured, explicit instruction for students who are struggling to read, spell, and write

### Materials Provided:

- ❖ MSLE Training Manual
- ❖ Word Detective Notebook
- ❖ Assessment guide
- ❖ Phoneme/Grapheme Cards

# Multisensory Structured Language Education (MSLE) Comprehensive Training for Teachers

## What is Multisensory Structured Language Education?

Multisensory Structured Language Education (MSLE), also known as Orton-Gillingham (OG), is an instructional approach intended primarily for use with persons who have difficulty with reading, spelling, and writing. It is best understood and practiced as an approach, not a program, system or technique. Driven by the most up-to-date brain research, we focus on the concepts of explicit, systematic, bottom-up, cumulative instruction delivered in an emotionally sound, honest, success driven environment.

### Participants will...

- gain a deep understanding of the structure of the English language
- learn the science of how the brain acquires language & why students struggle with language tasks
- participate in 45 hours of coursework including topics such as phonology, history of English, MSLE instructional techniques, reading accuracy and fluency, and more
- complete a 60-hour guided practicum during a 9-month period

### Materials:

- ❖ MSLE Training Manual
- ❖ Word Detective Notebook
- ❖ Grapheme Cards
- ❖ Assessment Guide
- ❖ ABCs of OG Phonetic Readers
- ❖ Multisensory Teaching of Basic Early Language Skills
- ❖ Language at the Speed of Sight

### Cost (per person):

\$2,500.00 (training)

\$300.00 (materials)

As a primary educator who has had the privilege and joy of working with Kara, I highly recommend spending as much time as possible learning with her. OG training should be mandatory for all teachers. Your brain will grow and the students you work with will view word study and our language in a whole new way! -Lisa, 2nd grade teacher

\*6 hours of graduate credit available from Ashland University

## About the Trainer:

Kara Lee is the owner and principal trainer at Horton Educational Services (HES). She works with teachers who are seeking meaningful and relevant training and professional development in order to serve students who exhibit difficulties with written language skills (i.e. reading, writing, spelling). Ms. Lee earned her Bachelor of Arts degree in Psychology from The Ohio State University in Columbus, Ohio. She attended the School Psychology program at Miami University where she earned both a Master of Science and Educational Specialist degrees. She worked as a School Psychologist for six years before going into the classroom as an Intervention Specialist. For seven years, she taught students with mild to moderate disabilities in grades kindergarten through six in a wide variety of classroom settings. Ms. Lee has worked as a Trainer and Supervisor for the Children's Dyslexia Center in Columbus, Ohio and has taught classes and conducted trainings for a variety of school districts on a wide range of topics. She has over 1,000 hours of OG tutoring and training experience and is an Instructor of Certified Academic Language Practitioners and a Certified Academic Language Therapist.
